Online MS in Healthcare Adminstration

Posted by Dima - 2012/08/22 05:14

_____

Dear Madam,

I need your help in choosing an online accredited and affordable university for a MS in Healthcare Management.

Later I'm planing to do a doctorate phd in the same field on-campus so I need this university MS degree to be accepted by other universities accordingly.

Waiting for your advice,

Thank you
Dima

_____

Hi Dima,

Okay. GetEducated profiles a good many online healthcare masters.

Our article on comparing an online MHA administration to a MBA in healthcare to a MPH may help you out.

To start your search click on our big list of all online masters here or on our home page.

We have 1,300+ online masters so you will need to use the filters on your left to CHOOSE NURSING & HEALTHCARE. Then use the blue box to select ONLY HEALTHCARE ADMINISTRATION. You will now have a list of 49 degree options.

You can now HIT the SORT BY COST button at the top and you will see all your options sorted by cost.

You can also visit our Best Buy ranking list by cost of affordable online healthcare masters.

I do not know where you live or any other details so I can't recommend a particular program. We have a wide selection so happy shopping!

Good Luck!
