Central State University of New York

Posted by mbong - 2012/08/04 02:50

Please help me confirm if CSUNY (Central State University of New York) is real/ recognized by US Dept. of Education or a diploma mill.

Hi,

You can read the accreditation report in the Diploma Mill Police on the status of Central State University of New York (CSUNY).

As this "college" is not properly accredited to award degrees in the USA we could not recommend enrollment in this "online college."

You can read reports on the accreditation standing of online colleges in the USA through the free consumer service, The Diploma Mill Police.

All the best
Vicky Phillips
