how to make a plan for Online Learning?

Posted by ouierur - 2011/11/28 21:53

_____

Earning a degree later in life may seem like a daunting, even impossible idea to consider - especially if you already work fulltime or have a family. So it is important to make a plan for online learning,any suggestions?Thanks in advance!

Hi OUIERUR,

If you have kids and a family to balance or are a single parent going to school online you may find useful our latest guest blog:

4 Tips for Single Parents Going to School Online

I like these tips quite a bit ...

The women who are offering this advice also run some great blogs and question and answer forums at SingleMommyhood
