criminal justice at Liberty U

I've been perusing online options for my eldest. You show good reviews for Liberty U in other areas, but criminal justice at Liberty is not mentioned on this site. Any particular reason?
Thanks,
Michelle

Hi Michelle,

You are correct that we list a good many online bachelors from Liberty University Online, http://www.geteducated.com/profiles/search/schoolID=63&SS=Search%20by%20School%20%3E%20Liberty%20University%20%28%20VA%20%29, but not the Criminal Justice school or degree. Either the school have provided no data on that particular degree program or no student has yet asked to review that degree. The program is properly accredited and so on so there is no reason it would not be eligible for a listing with us.

All the best
Vicky
